

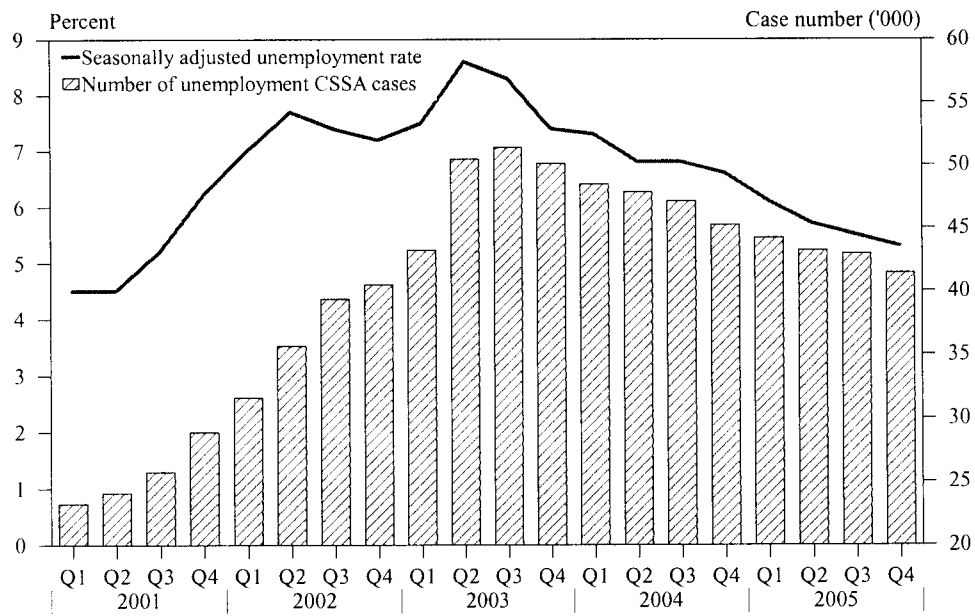

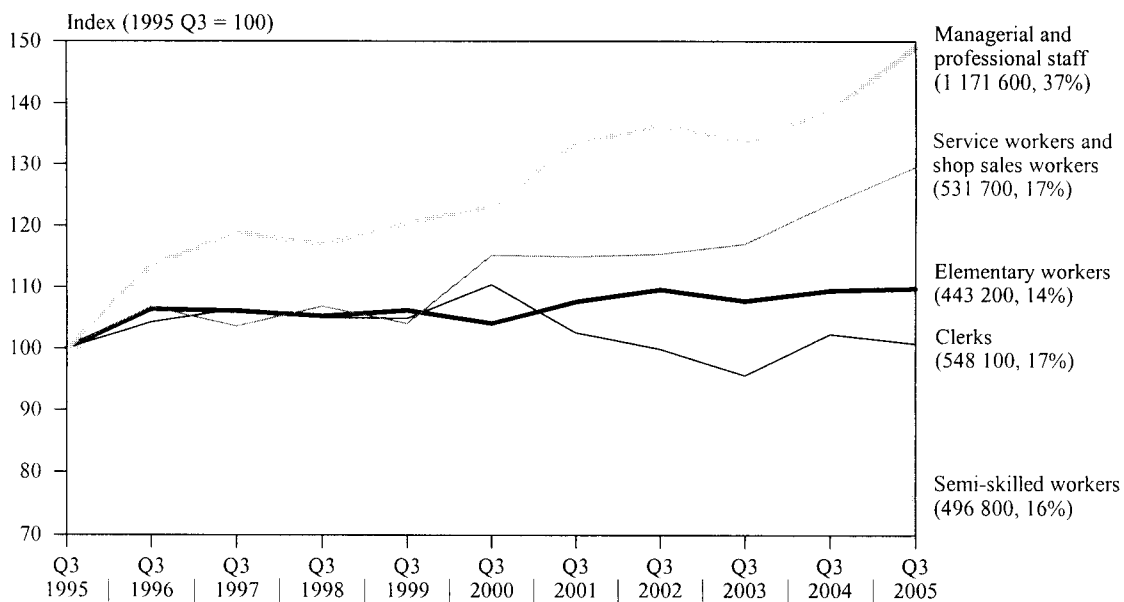

Chart 1

Unemployment rate and number of unemployment CSSA cases

**Chart 2**

**Employment by occupation category**

Notes : Classification of occupations is based on that of the General Household Survey as conducted by the Census and Statistics Department.

Figures in brackets represent the number of employed persons in Q3 2005, and the percentage shares refer to the proportion of employed persons engaged in the respective occupations.

Chart 3

Share of full-time employees by monthly employment earnings
