指定流感診所運作新安排

The New Arrangement for the Operation of DESIGNATED FLU CLINICS

- 為照顧長期病患者的醫療需要，由8月17日開始，指定流感診所會逐步恢復為已預約的長期病患者提供診症服務。病人可以依照預約日期，帶同覆診預約便條及身份證，到診所覆診。

To address the need of chronic disease patients, the Designated Flu Clinics (DFC) will progressively resume service for follow-up consultation for the chronic disease patients with scheduled appointments beginning on 17 August. Patients should go to the clinic according to the original appointment date with their appointment slip and ID card.

- 指定流感診所會繼續為流感病人提供服務，每星期7日，每日上午9點至下午5點。

The DFCs will continue to provide service to patients with the influenza-like illness from 9:00am to 5:00pm, seven days a week.

- 診所會實施適當的分隔措施，以避免兩類病人交叉感染，每間診所將設有專門治療流感病人的診症室。

Proper segregation will be put in place to prevent cross infection between the two types of patients. There will be designated rooms for the management of patients with the influenza-like illness.
