Table 1Consumer Price Indices and Year-on-year Rates of Change<br/>at Section Level for November 2009

\* Denotes a figure within  $\pm 0.05\%$ .

- Not applicable.

## Note:

The CPI(A), CPI(B) and CPI(C) are compiled with reference to the average expenditure patterns for different groups of households as obtained from the Household Expenditure Survey. By aggregating the expenditure patterns of all households covered by the above three indices, a Composite CPI is also compiled.

The expenditure ranges of the households covered in the 2004/05-based CPI series are as follows:

	Approximate percentage of households covered	Average monthly household expenditure range (at 2004/05 prices)	Average monthly household expenditure range (adjusted to 2008 prices)
	(%)	(\$)	(\$)
CPI(A)	50	4,000 - 15,499	4,300 - 16,800
CPI(B)	30	15,500 - 27,499	16,800 - 30,200
CPI(C)	10	27,500 - 59,999	30,200 - 66,100
Composite CPI	90	4,000 - 59,999	4,300 - 66,100

# Apart from "Private housing rent" and "Public housing rent", the "Housing" section also includes "Management fees and other housing charges" and "Materials for house maintenance".
