

Table title : Table 1 Views on Expected Changes in Business Situation, Volume of Business/Output, Number of Persons Engaged and Selling Price/Service Charge in Q3 2010 as compared with Q2 2010

For the manufacturing sector, 44% of respondents expected the business situation to be better in Q3 2010 as compared with Q2 2010; 52% expected it to remain the same and 5% expected it to be worse. Percentage of respondents expecting being better in business situation was more than that expecting being worse by 39 percentage points.

For the manufacturing sector, 41% of respondents expected the volume of production to increase in Q3 2010 as compared with Q2 2010; 53% expected it to remain the same and 6% expected it to decrease. Percentage of respondents expecting an increase in volume of production was more than that expecting a decrease by 35 percentage points.

For the manufacturing sector, 20% of respondents expected the number of persons engaged to increase in Q3 2010 as compared with Q2 2010; 80% expected it to remain the same and 0% expected it to decrease. Percentage of respondents expecting an increase in number of persons engaged was more than that expecting a decrease by 20 percentage points.

For the manufacturing sector, 9% of respondents expected the selling price to increase in Q3 2010 as compared with Q2 2010; 91% expected it to remain the same and 0% expected it to decline. Percentage of respondents expecting an increase in selling price was more than that expecting a decline by 9 percentage points.

For the construction sector, 30% of respondents expected the business situation to be better in Q3 2010 as compared with Q2 2010; 58% expected it to remain the same and 12% expected it to be worse. Percentage of respondents expecting being better in business situation was more than that expecting being worse by 18 percentage points.

For the construction sector, 37% of respondents expected the volume of construction output to increase in Q3 2010 as compared with Q2 2010; 55% expected it to remain the same and 8% expected it to decrease. Percentage of respondents expecting an increase in volume of construction output was more than that expecting a decrease by 29 percentage points.

For the construction sector, 19% of respondents expected the number of persons engaged to increase in Q3 2010 as compared with Q2 2010; 71% expected it to remain the same and 10% expected it to decrease. Percentage of respondents expecting an increase in number of persons engaged was more than that expecting a decrease by 9 percentage points.

For the construction sector, 24% of respondents expected the tender price to increase in Q3 2010 as compared with Q2 2010; 69% expected it to remain the same and 7% expected it to decline. Percentage of respondents expecting an increase in tender price was more than that expecting a decline by 17 percentage points.

For the import/export trade and wholesale sector, 26% of respondents expected the business situation to be better in Q3 2010 as compared with Q2 2010; 68% expected it to remain the same and 6% expected it to be worse. Percentage of respondents expecting being better in business situation was more than that expecting being worse by 20 percentage points.

For the import/export trade and wholesale sector, 29% of respondents expected the volume of sales to increase in Q3 2010 as compared with Q2 2010; 65% expected it to remain the same and

6% expected it to decrease. Percentage of respondents expecting an increase in volume of sales was more than that expecting a decrease by 23 percentage points.

For the import/export trade and wholesale sector, 11% of respondents expected the number of persons engaged to increase in Q3 2010 as compared with Q2 2010; 85% expected it to remain the same and 4% expected it to decrease. Percentage of respondents expecting an increase in number of persons engaged was more than that expecting a decrease by 7 percentage points.

For the import/export trade and wholesale sector, 10% of respondents expected the selling price to increase in Q3 2010 as compared with Q2 2010; 84% expected it to remain the same and 6% expected it to decline. Percentage of respondents expecting an increase in selling price was more than that expecting a decline by 4 percentage points.

For the retail sector, 39% of respondents expected the business situation to be better in Q3 2010 as compared with Q2 2010; 46% expected it to remain the same and 14% expected it to be worse. Percentage of respondents expecting being better in business situation was more than that expecting being worse by 25 percentage points.

For the retail sector, 42% of respondents expected the volume of sales to increase in Q3 2010 as compared with Q2 2010; 48% expected it to remain the same and 10% expected it to decrease. Percentage of respondents expecting an increase in volume of sales was more than that expecting a decrease by 32 percentage points.

For the retail sector, 21% of respondents expected the number of persons engaged to increase in Q3 2010 as compared with Q2 2010; 77% expected it to remain the same and 2% expected it to decrease. Percentage of respondents expecting an increase in number of persons engaged was more than that expecting a decrease by 19 percentage points.

For the retail sector, 6% of respondents expected the selling price to increase in Q3 2010 as compared with Q2 2010; 92% expected it to remain the same and 2% expected it to decline. Percentage of respondents expecting an increase in selling price was more than that expecting a decline by 4 percentage points.

For the accommodation and food services sector, 24% of respondents expected the business situation to be better in Q3 2010 as compared with Q2 2010; 58% expected it to remain the same and 18% expected it to be worse. Percentage of respondents expecting being better in business situation was more than that expecting being worse by 6 percentage points.

For the accommodation and food services sector, 26% of respondents expected the volume of business to increase in Q3 2010 as compared with Q2 2010; 54% expected it to remain the same and 19% expected it to decrease. Percentage of respondents expecting an increase in volume of business was more than that expecting a decrease by 7 percentage points.

For the accommodation and food services sector, 9% of respondents expected the number of persons engaged to increase in Q3 2010 as compared with Q2 2010; 90% expected it to remain the same and 1% expected it to decrease. Percentage of respondents expecting an increase in number of persons engaged was more than that expecting a decrease by 8 percentage points.

For the accommodation and food services sector, 20% of respondents expected the price of food provided/charge for services rendered to increase in Q3 2010 as compared with Q2 2010; 76% expected it to remain the same and 4% expected it to decline. Percentage of respondents expecting

an increase in price of food provided/charge for services rendered was more than that expecting a decline by 16 percentage points.

For the transportation, storage and courier services sector, 34% of respondents expected the business situation to be better in Q3 2010 as compared with Q2 2010; 63% expected it to remain the same and 3% expected it to be worse. Percentage of respondents expecting being better in business situation was more than that expecting being worse by 31 percentage points.

For the transportation, storage and courier services sector, 41% of respondents expected the volume of business to increase in Q3 2010 as compared with Q2 2010; 54% expected it to remain the same and 5% expected it to decrease. Percentage of respondents expecting an increase in volume of business was more than that expecting a decrease by 36 percentage points.

For the transportation, storage and courier services sector, 23% of respondents expected the number of persons engaged to increase in Q3 2010 as compared with Q2 2010; 73% expected it to remain the same and 4% expected it to decrease. Percentage of respondents expecting an increase in number of persons engaged was more than that expecting a decrease by 19 percentage points.

For the transportation, storage and courier services sector, 20% of respondents expected the charge for services rendered to increase in Q3 2010 as compared with Q2 2010; 75% expected it to remain the same and 5% expected it to decline. Percentage of respondents expecting an increase in charge for services rendered was more than that expecting a decline by 15 percentage points.

For the information and communications sector, 26% of respondents expected the business situation to be better in Q3 2010 as compared with Q2 2010; 63% expected it to remain the same and 10% expected it to be worse. Percentage of respondents expecting being better in business situation was more than that expecting being worse by 16 percentage points.

For the information and communications sector, 33% of respondents expected the volume of business to increase in Q3 2010 as compared with Q2 2010; 57% expected it to remain the same and 10% expected it to decrease. Percentage of respondents expecting an increase in volume of business was more than that expecting a decrease by 23 percentage points.

For the information and communications sector, 16% of respondents expected the number of persons engaged to increase in Q3 2010 as compared with Q2 2010; 84% expected it to remain the same and 0% expected it to decrease. Percentage of respondents expecting an increase in number of persons engaged was more than that expecting a decrease by 16 percentage points.

For the information and communications sector, 7% of respondents expected the charge for services rendered to increase in Q3 2010 as compared with Q2 2010; 85% expected it to remain the same and 7% expected it to decline. Percentage of respondents expecting an increase in charge for services rendered was same as that expecting a decline.

For the financing and insurance sector, 37% of respondents expected the business situation to be better in Q3 2010 as compared with Q2 2010; 58% expected it to remain the same and 5% expected it to be worse. Percentage of respondents expecting being better in business situation was more than that expecting being worse by 32 percentage points.

For the financing and insurance sector, 38% of respondents expected the volume of business to increase in Q3 2010 as compared with Q2 2010; 60% expected it to remain the same and 2% expected it to decrease. Percentage of respondents expecting an increase in volume of business was more than that expecting a decrease by 36 percentage points.

For the financing and insurance sector, 31% of respondents expected the number of persons engaged to increase in Q3 2010 as compared with Q2 2010; 67% expected it to remain the same and 1% expected it to decrease. Percentage of respondents expecting an increase in number of persons engaged was more than that expecting a decrease by 30 percentage points.

For the financing and insurance sector, 4% of respondents expected the premium rate/charge for services rendered to increase in Q3 2010 as compared with Q2 2010; 96% expected it to remain the same and 0% expected it to decline. Percentage of respondents expecting an increase in premium rate/charge for services rendered was more than that expecting a decline by 4 percentage points.

For the real estate sector, 41% of respondents expected the business situation to be better in Q3 2010 as compared with Q2 2010; 59% expected it to remain the same and 0% expected it to be worse. Percentage of respondents expecting being better in business situation was more than that expecting being worse by 41 percentage points.

For the real estate sector, 47% of respondents expected the volume of business to increase in Q3 2010 as compared with Q2 2010; 53% expected it to remain the same and 0% expected it to decrease. Percentage of respondents expecting an increase in volume of business was more than that expecting a decrease by 47 percentage points.

For the real estate sector, 23% of respondents expected the number of persons engaged to increase in Q3 2010 as compared with Q2 2010; 77% expected it to remain the same and 0% expected it to decrease. Percentage of respondents expecting an increase in number of persons engaged was more than that expecting a decrease by 23 percentage points.

For the real estate sector, 39% of respondents expected the price of properties sold/management fee/commission rate to increase in Q3 2010 as compared with Q2 2010; 61% expected it to remain the same and 0% expected it to decline. Percentage of respondents expecting an increase in price of properties sold/management fee/commission rate was more than that expecting a decline by 39 percentage points.

For the professional and business services sector, 26% of respondents expected the business situation to be better in Q3 2010 as compared with Q2 2010; 71% expected it to remain the same and 2% expected it to be worse. Percentage of respondents expecting being better in business situation was more than that expecting being worse by 24 percentage points.

For the professional and business services sector, 26% of respondents expected the volume of business to increase in Q3 2010 as compared with Q2 2010; 71% expected it to remain the same and 2% expected it to decrease. Percentage of respondents expecting an increase in volume of business was more than that expecting a decrease by 24 percentage points.

For the professional and business services sector, 30% of respondents expected the number of persons engaged to increase in Q3 2010 as compared with Q2 2010; 68% expected it to remain the same and 2% expected it to decrease. Percentage of respondents expecting an increase in

number of persons engaged was more than that expecting a decrease by 28 percentage points. For the professional and business services sector, 10% of respondents expected the charge for services rendered to increase in Q3 2010 as compared with Q2 2010; 88% expected it to remain the same and 2% expected it to decline. Percentage of respondents expecting an increase in charge for services rendered was more than that expecting a decline by 8 percentage points.

For all sectors taken together, 32% of respondents expected the business situation to be better in Q3 2010 as compared with Q2 2010; 62% expected it to remain the same and 6% expected it to be worse. Percentage of respondents expecting being better in business situation was more than that expecting being worse by 26 percentage points. These are weighted averages of sectoral figures.

Notes :

1. In collecting views on the quarter-to-quarter changes, if the variable in question may be subject to seasonal variations, respondents are asked to provide the expected changes after excluding the normal seasonal variations.
2. Responses on expected changes are expressed in terms of three categories. The percentages for the three response categories may not add up to 100% owing to rounding.
3. Survey results are generally presented as "net balance", i.e. the difference between the percentage of respondents choosing "up" over that choosing "down". The "net balance", with its appropriate sign, indicates the direction of expected change in the variable concerned. A positive sign indicates a likely upward trend while a negative sign, a likely downward trend.
4. Accommodation and food services sector mainly covers services rendered by hotels and restaurants.
5. Real estate sector covers real estate development, leasing, brokerage and agency, maintenance management, and other real estate services.
6. Professional and business services sector covers legal, accounting and other professional, scientific and technical services, and administrative and support services.
