

Employment and Vacancies Statistics for June 2010 (Monday, 20 September 2010)

Table title - Table 1 : Employment (other than those in the Civil Service) by selected major industry

Number of persons engaged (employment) for the manufacturing in June 2010 was 119800. It represented a decrease of 3.9% or 4900 persons when compared with June 2009.

Number of persons engaged (employment) for the manufacturing in June 2009 was 124700.

Number of manual workers (employment) for the construction sites in June 2010 was 55500. It represented an increase of 13.4% or 6600 persons when compared with June 2009.

Number of manual workers (employment) for the construction sites in June 2009 was 48900.

Number of persons engaged (employment) for the import and export trade in June 2010 was 498300. It represented an increase of 1.5% or 7300 persons when compared with June 2009.

Number of persons engaged (employment) for the import and export trade in June 2009 was 491000.

Number of persons engaged (employment) for the wholesale in June 2010 was 63800. It represented an increase of 1.1% or 600 persons when compared with June 2009.

Number of persons engaged (employment) for the wholesale in June 2009 was 63200.

Number of persons engaged (employment) for the retail in June 2010 was 240800. It represented an increase of 3.5% or 8200 persons when compared with June 2009.

Number of persons engaged (employment) for the retail in June 2009 was 232600.

Number of persons engaged (employment) for the food and beverage services in June 2010 was 215500. It represented an increase of 4.0% or 8200 persons when compared with June 2009.

Number of persons engaged (employment) for the food and beverage services in June 2009 was 207300.

Number of persons engaged (employment) for the accommodation services in June 2010 was 32000. It represented an increase of 1.4% or 500 persons when compared with June 2009.

Number of persons engaged (employment) for the accommodation services in June 2009 was 31500.

Number of persons engaged (employment) for the transportation, storage, postal and courier services in June 2010 was 160400. It represented an increase of 2.3% or 3500 persons when compared with June 2009.

Number of persons engaged (employment) for the transportation, storage, postal and courier services in June 2009 was 156900.

Number of persons engaged (employment) for the information and communications in June 2010 was 88400. It represented an increase of 1.7% or 1500 persons when compared with June 2009.

Number of persons engaged (employment) for the information and communications in June 2009 was 86900.

Number of persons engaged (employment) for the financing and insurance in June 2010 was 190800. It represented an increase of 4.7% or 8500 persons when compared with June 2009.

Number of persons engaged (employment) for the financing and insurance in June 2009 was 182300.

Number of persons engaged (employment) for the real estate in June 2010 was 110100. It represented an increase of 4.7% or 4900 persons when compared with June 2009.

Number of persons engaged (employment) for the real estate in June 2009 was 105200.

Number of persons engaged (employment) for the professional and business services (excluding cleaning and similar services) in June 2010 was 236200. It represented an increase of 2.4% or 5500 persons when compared with June 2009.

Number of persons engaged (employment) for the professional and business services (excluding cleaning and similar services) in June 2009 was 230700.

Number of persons engaged (employment) for the cleaning and similar services in June 2010 was 67600. It represented an increase of 13.9% or 8300 persons when compared with June 2009.

Number of persons engaged (employment) for the cleaning and similar services in June 2009 was 59300.

Number of persons engaged (employment) for the education in June 2010 was 166100. It represented an increase of 5.4% or 8500 persons when compared with June 2009.

Number of persons engaged (employment) for the education in June 2009 was 157600.

Number of persons engaged (employment) for the human health services in June 2010 was 92000. It represented an increase of 2.2% or 1900 persons when compared with June 2009.

Number of persons engaged (employment) for the human health services in June 2009 was 90100.

Number of persons engaged (employment) for the residential care and social work services in June 2010 was 56200. It represented an increase of 1.3% or 700 persons when compared with June 2009.

Number of persons engaged (employment) for the residential care and social work services in June 2009 was 55500.

Number of persons engaged (employment) for the arts, entertainment, recreation and other services in June 2010 was 112700. It represented an increase of 3.8% or 4200 persons when compared with June 2009.

Number of persons engaged (employment) for the arts, entertainment, recreation and other services in June 2009 was 108500.

Number of persons engaged (employment) for the others in June 2010 was 10800. It represented an increase of 2.2% or 200 persons when compared with June 2009.

Number of persons engaged (employment) for the others in June 2009 was 10600.

Number of persons engaged (employment) for all above industries in June 2010 was 2517000. It represented an increase of 3.0% or 74400 persons when compared with June 2009.

Number of persons engaged (employment) for all above industries in June 2009 was 2442600.

Notes:

1. Figures relate only to those industries covered in the Quarterly Survey of Employment and Vacancies and the Quarterly Employment Survey of Construction Sites.
2. All figures are not seasonally adjusted.
3. Percentage change figures are derived from unrounded figures.
4. All the employment/vacancies statistics are compiled based on the Hong Kong Standard Industrial Classification (HSIC) Version 2.0.
5. Other industry sections include the industries of mining and quarrying, and electricity, gas and waste management.
6. Individual figures may not add up to total due to rounding.

Press release

Employment and Vacancies Statistics for June 2010 (Monday, 20 September 2010)

Table title - Table 2 : Vacancies (other than those in the Civil Service) by selected major industry

The number of vacancies for the manufacturing in June 2010 was 1450. It represented an increase of 121% or 790 when compared with June 2009.

The number of vacancies for the manufacturing in June 2009 was 660.

The number of vacancies for manual workers at construction sites in June 2010 was 60. It represented an increase of 1375% or 60 when compared with June 2009. The large year-on-year percentage change was attributable to the low base of comparison in June 2009. Please refer to "Limitations of the Survey" in Part V of the Quarterly Report of Employment and Vacancies at Construction Sites, June 2010.

The number of vacancies for manual workers at construction sites in June 2009 was less than 5.

The number of vacancies for the import and export trade in June 2010 was 5500. It represented an increase of 48% or 1800 when compared with June 2009.

The number of vacancies for the import and export trade in June 2009 was 3700.

The number of vacancies for the wholesale in June 2010 was 590. It represented a decrease of 3% or 20 when compared with June 2009.

The number of vacancies for the wholesale in June 2009 was 610.

The number of vacancies for the retail in June 2010 was 4400. It represented an increase of 20% or 740 when compared with June 2009.

The number of vacancies for the retail in June 2009 was 3660.

The number of vacancies for the food and beverage services in June 2010 was 5860. It represented an increase of 39% or 1650 when compared with June 2009.

The number of vacancies for the food and beverage services in June 2009 was 4210.

The number of vacancies for the accommodation services in June 2010 was 770. It represented an increase of 181% or 500 when compared with June 2009.

The number of vacancies for the accommodation services in June 2009 was 270.

The number of vacancies for the transportation, storage, postal and courier services in June 2010 was 1980. It represented an increase of 101% or 990 when compared with June 2009.

The number of vacancies for the transportation, storage, postal and courier services in June 2009 was 990.

The number of vacancies for the information and communications in June 2010 was 2300. It represented an increase of 52% or 780 when compared with June 2009.

The number of vacancies for the information and communications in June 2009 was 1520.

The number of vacancies for the financing and insurance in June 2010 was 4050. It represented an increase of 112% or 2140 when compared with June 2009.

The number of vacancies for the financing and insurance in June 2009 was 1910.

The number of vacancies for the real estate in June 2010 was 2330. It represented an increase of 18% or 360 when compared with June 2009.

The number of vacancies for the real estate in June 2009 was 1970.

The number of vacancies for the professional and business services (excluding cleaning and similar services) in June 2010 was 5000. It represented an increase of 77% or 2180 when compared with June 2009.

The number of vacancies for the professional and business services (excluding cleaning and similar services) in June 2009 was 2820.

The number of vacancies for the cleaning and similar services in June 2010 was 790. It represented an increase of 10% or 70 when compared with June 2009.

The number of vacancies for the cleaning and similar services in June 2009 was 720.

The number of vacancies for the education in June 2010 was 2280. It represented an increase of 19% or 360 when compared with June 2009.

The number of vacancies for the education in June 2009 was 1920.

The number of vacancies for the human health services in June 2010 was 2620. It represented an increase of 27% or 560 when compared with June 2009.

The number of vacancies for the human health services in June 2009 was 2060.

The number of vacancies for the residential care and social work services in June 2010 was 1780. It represented an increase of 18% or 280 when compared with June 2009.

The number of vacancies for the residential care and social work services in June 2009 was 1500.

The number of vacancies for the arts, entertainment, recreation and other services in June 2010 was 3390. It represented an increase of 15% or 430 when compared with June 2009.

The number of vacancies for the arts, entertainment, recreation and other services in June 2009 was 2960.

The number of vacancies for the others in June 2010 was 70. It represented an increase of 51% or 20 when compared with June 2009.

The number of vacancies for the others in June 2009 was 50.

The number of vacancies for all above industries in June 2010 was 45220. It represented an increase of 43% or

13690 when compared with June 2009.

The number of vacancies for all above industries in June 2009 was 31530.

Notes:

1. Figures relate only to those industries covered in the Quarterly Survey of Employment and Vacancies and the Quarterly Employment Survey of Construction Sites.
2. All figures are not seasonally adjusted.
3. Percentage change figures are derived from unrounded figures.
4. All the employment/vacancies statistics are compiled based on the Hong Kong Standard Industrial Classification (HSIC) Version 2.0.
5. Other industry sections include the industries of mining and quarrying, and electricity, gas and waste management.
6. Individual figures may not add up to total due to rounding.

Press release

Employment and Vacancies Statistics for June 2010 (Monday, 20 September 2010)

Table title - Table 3 : Vacancies (other than those in the Civil Service) by major occupation category

The number of vacancies for managers and administrators in June 2010 was 1270. It represented an increase of 34% when compared with June 2009.

The number of vacancies for managers and administrators in June 2009 was 950.

The number of vacancies for professionals in June 2010 was 4570. It represented an increase of 52% when compared with June 2009.

The number of vacancies for professionals in June 2009 was 3000.

The number of vacancies for associate professionals in June 2010 was 12200. It represented an increase of 41% when compared with June 2009.

The number of vacancies for associate professionals in June 2009 was 8670.

The number of vacancies for clerks in June 2010 was 5510. It represented an increase of 51% when compared with June 2009.

The number of vacancies for clerks in June 2009 was 3640.

The number of vacancies for service workers and shop sales workers in June 2010 was 11990. It represented an increase of 26% when compared with June 2009.

The number of vacancies for service workers and shop sales workers in June 2009 was 9550.

The number of vacancies for craft and related workers in June 2010 was 1430. It represented an increase of 68% when compared with June 2009.

The number of vacancies for craft and related workers in June 2009 was 850.

The number of vacancies for plant and machine operators and assemblers in June 2010 was 810. It represented an increase of 86% when compared with June 2009.

The number of vacancies for plant and machine operators and assemblers in June 2009 was 430.

The number of vacancies for elementary occupations in June 2010 was 7450. It represented an increase of 68% when compared with June 2009.

The number of vacancies for elementary occupations in June 2009 was 4430.

The number of vacancies in June 2010 was 45220. It represented an increase of 43% when compared with June 2009.

The number of vacancies in June 2009 was 31530.

Notes:

1. Figures relate only to those industries covered in the Quarterly Survey of Employment and Vacancies and the Quarterly Employment Survey of Construction Sites.
2. All figures are not seasonally adjusted.
3. Percentage change figures are derived from unrounded figures.
4. Individual figures may not add up to total due to rounding.

Press release

Table title - Table 4 : Changes of employment and vacancies over three-month period (other than those in the Civil Service)

Percentage change in employment over three-month period in June 2010 was +0.3% based on the original series (i.e. not seasonally adjusted), and +0.2% based on the seasonally adjusted series.

Percentage change in vacancies over three-month period in June 2010 was -1.6% based on the original series (i.e. not seasonally adjusted), and +4.1% based on the seasonally adjusted series.

Percentage change in employment over three-month period in March 2010 was +0.2% based on the original series (i.e. not seasonally adjusted), and +0.6% based on the seasonally adjusted series.

Percentage change in vacancies over three-month period in March 2010 was +33.0% based on the original series (i.e. not seasonally adjusted), and +12.8% based on the seasonally adjusted series.

Percentage change in employment over three-month period in December 2009 was +1.6% based on the original series (i.e. not seasonally adjusted), and +1.3% based on the seasonally adjusted series.

Percentage change in vacancies over three-month period in December 2009 was -10.9% based on the original series (i.e. not seasonally adjusted), and +7.2% based on the seasonally adjusted series.

Percentage change in employment over three-month period in September 2009 was +0.9% based on the original series (i.e. not seasonally adjusted), and +0.9% based on the seasonally adjusted series.

Percentage change in vacancies over three-month period in September 2009 was +23.0% based on the original series (i.e. not seasonally adjusted), and +13.9% based on the seasonally adjusted series.

Percentage change in employment over three-month period in June 2009 was at an increase of less than 0.05% based on the original series (i.e. not seasonally adjusted), and at a decrease of less than 0.05% based on the seasonally adjusted series.

Percentage change in vacancies over three-month period in June 2009 was +13.5% based on the original series (i.e. not seasonally adjusted), and +20.5% based on the seasonally adjusted series.

Notes:

1. Figures relate only to those industries covered in the Quarterly Survey of Employment and Vacancies and the Quarterly Employment Survey of Construction Sites.
2. The seasonally adjusted data series is subject to routine revision when more up-to-date figures become available.
