Note:

The CPI(A), CPI(B) and CPI(C) are compiled with reference to the average expenditure patterns for different groups of households as obtained from the Household Expenditure Survey. By aggregating the expenditure patterns of all households covered by the above three indices, a Composite CPI is also compiled.

The expenditure ranges of the households covered in the 2009/10-based CPI series are as follows:

	Approximate percentage of households covered	Average monthly household expenditure range (at 2009/10 prices)
	(%)	(\$)
CPI(A)	50	4,500 - 18,499
CPI(B)	30	18,500 - 32,499
CPI(C)	10	32,500 - 65,999
Composite CPI	90	4,500 - 65,999

Apart from "Private housing rent" and "Public housing rent", the "Housing" section also includes "Management fees and other housing charges" and "Materials for house maintenance".

(2) The corresponding rates of change derived from the old base period can be obtained from the Consumer Price Index Section of the Census and Statistics Department at telephone no. 2805 6403 or email address cpi@censtatd.gov.hk.
