

未经预约急症室产子 危害母婴生命代价高

NON-BOOKED DELIVERY IS
DANGEROUS. DON'T RISK IT!

有鉴于本地孕妇对产科服务需求殷切，
医院管理局由2012年4月26日起

停止接受非本地孕妇预约 产科服务。

未有预约而经公立医院急症室
分娩对产妇和婴儿均属高风险行为。

为遏止这种危险行为，由2012年5月12日开始，**未有预约
而在公立医院分娩的非本地孕妇将会被征收最少90,000元分
娩套餐费用**(即三日两夜普通病房收费)。

Due to overwhelming demand from local pregnant women, the Hospital Authority
**no longer accepts obstetric service bookings for
non-local pregnant women** starting from 26 April, 2012.

Non-booked emergency admission through public hospital's Accident &
Emergency Department for delivery is risky to both mother and the baby.

To deter such a dangerous behaviour, starting from 12 May, 2012,
**non-local pregnant women giving births in public hospitals
without bookings will have to pay an obstetric package
charge at a minimum of \$90,000**
(3 days and 2 nights stay in a general ward).
