Notes:

(1) Place of study in same district refers to persons whose place of study and place of residence are (a) in the same District Council District on Hong Kong Island or in Kowloon to which the Constituency Area belongs; or (b) both in the same new town; or (c) both in areas other than new town areas of the same District Council District in the New Territories to which the Constituency Area belongs.

(2) Place of work in same district refers to persons whose place of work and place of residence are (a) in the same District Council District on Hong Kong Island or in Kowloon to which the Constituency Area belongs; or (b) both in the same new town; or (c) both in areas other than new town areas of the same District Council District in the New Territories to which the Constituency Area belongs. Persons who work at home are excluded.

(3) Economically active household refers to a domestic household with at least one member (excluding foreign domestic helpers) being economically active.

(4) Internal migration refers to persons whose area of current residence is different from the area of residence five years ago. In defining internal migration, a change in the area of residence refers to a move (a) from a District Council District to another District Council District; or (b) within a District Council District in the New Territories, from a new town to another new town, or from a new town to other areas in the district or vice versa.
