Notes

(i) The flat numbers in the above table are based on the information of the building plans approved by the Buildings Department, the production forecasts by the Rating and Valuation Department, the specified flat numbers in the relevant lease conditions, information of the Urban Renewal Authority or the flat numbers estimated by the authority concerned. The actual figures are subject to the developers' final design.

(ii) These refer to the dates of Government receiving the contractors' notification of commencement of foundation works. If the foundation works of a residential development project have been completed under other works (e.g. railway development project), these refer to the dates of Government receiving the contractors' notification of commencement of general building and superstructure works.

(iii) Anticipated completion date is not available as the construction has not yet commenced.

(iv) Occupation permit has been obtained.
