LCSD KC/15	<i>Aquilaria sinensis</i>	Kowloon Tsai Park near roller skating rink	Leisure and Cultural Services Department
LCSD WTS/9	<i>Sterculia lanceolata</i>	Morse Park No.4 next to children playground	Leisure and Cultural Services Department
AFCDD /TMT/030	<i>Antidesma bunius</i>	Lai Tau Shek, Wu Kau Tang	Agriculture, Fisheries and Conservation Department

**OVT No.:** HD/TM/1

**Location:** Tai Hing Estate, near Hing Cheung House

**Species:** *Ficus elastica*

**Size:** DBH - 2500mm; Height - 12m; Spread - 15m

**Special characteristics:** Large size; Outstanding form

**Highlights:** A species of substantial size with a balanced form and lush canopy

Overview of OVT HD/TM/1

**OVT No.:** LCSD CW/139

**Location:** Hong Kong Park near the entrance of Olympic Square

**Species:** *Brachychiton rupestris*

**Size:** DBH - 1040mm; Height - 8.2m; Spread - 6.8m

**Special characteristics:** Large size; Precious or rare species

**Highlights:** An exotic species from Australia with a distinctive stem appearance

Overview of OVT LCSD CW/139

**OVT No.:** LCSD KC/14

**Location:** Carpenter Road Park near the entrance at Tung Tau Tsuen Road

**Species:** *Ficus microcarpa*

**Size:** DBH - 1650mm; Height - 14m; Spread - 20m

**Special characteristics:** Large size; Outstanding form

**Highlights:** A native species of substantial size with a balanced form and lush canopy

Overview of OVT LCSD KC/14

**OVT No.:** LCSD SK/7

**Location:** Sha Tsui Playground

**Species:** *Ficus microcarpa*

**Size:** DBH - 2590mm; Height - 14.8m; Spread - 24m

**Special characteristics:** Large size; Outstanding form

**Highlights:** A native species of substantial size with a balanced form, lush canopy and plenty of beard/curtain like aerial roots

Overview of OVT LCSD SK/7

**OVT No.:** LCSD SSP/17

**Location:** Shek Kip Mei Park

**Species:** *Ficus microcarpa*

**Size:** DBH - 1440mm; Height - 20m; Spread - 22m

**Special characteristics:** Large size

**Highlights:** A native species of substantial size with a balanced form and lush canopy

Overview of OVT LCSD SSP/17

**OVT No.:** HyD TP/1

**Location:** Chung Nga Road near Lamp Post EA7446

**Species:** *Ficus virens*

**Size:** DBH - 950mm; Height - 12m; Spread - 22m

**Special characteristics:** Outstanding form

**Highlights:** A native species of substantial size with a balanced form and lush canopy

Overview of OVT HyD TP/1

**OVT No.:** HyD CW/1

**Location:** Hospital Road near Lamp post 33561

**Species:** *Ficus microcarpa*

**Size:** DBH – 730mm; Height – 10m; Spread – 18m

**Special characteristics:** Outstanding form

**Highlights:** A native species of substantial size established on a stone retaining wall as a unique landscape feature

**OVT No.:** HyD CW/2

**Location:** High Street facing Lamp Post 48560

**Species:** *Ficus microcarpa*

**Size:** DBH - 730mm; Height - 15m; Spread - 16m

**Special characteristics:** Outstanding form

**Highlights:** A native species of substantial size established on a stone retaining wall as a unique landscape feature

Overview of OVT HyD CW/2

**OVT No.:** HyD S/1

**Location:** Pok Fu Lam Road near Lamp post 34300

**Species:** *Ficus microcarpa*

**Size:** DBH - 1044mm; Height - 16m; Spread - 20m

**Special characteristics:** Large size; Outstanding form

**Highlights:** A native species of substantial size established on a stone retaining wall as unique landscape feature

Overview of OVT HyD S/1

**OVT No.:** LCSD KC/15

**Location:** Kowloon Tsai Park near roller skating rink

**Species:** *Aquilaria sinensis*

**Size:** DBH - 670mm; Height - 11m; Spread - 9m

**Special characteristics:** Precious or rare species; Outstanding form

**Highlights:** A native species of substantial size with a balanced form

Overview of OVT LCSD KC/15

**OVT No.:** LCSD WTS/9

**Location:** Morse Park No.4 next to children playground

**Species:** *Sterculia lanceolata*

**Size:** DBH - 540mm; Height - 10m; Spread - 12m

**Special characteristics:** Outstanding form

**Highlights:** A native species of substantial size with a balanced form and lush canopy

Overview of OVT LCSD WTS/9

**OVT No.:** AFCD/TMT/030

**Location:** Lai Tau Shek, Wu Kau Tang

**Species:** *Antidesma bunius*

**Size:** DBH – 1060mm; Height –14m; Spread –20m

**Special characteristics:** Large size; Outstanding form

**Highlights:** A native species of substantial size with a balanced form

Overview of OVT AFCD/TMT/030
