The average waiting time of new cases for various specialist out-patient services
provided by the public hospitals of New Territories East Cluster
since April 2013

Name of hospital	Specialist out-patient service	Average waiting time of new cases

LCQ 13

Annex 2

The waiting time for new cases of special out-patient (SOP) clinics in New Territories
East Cluster(*) by priority set according to patients' conditions
from April to September 2013

Specialty	Median Waiting Time for New Cases (weeks)		
	Priority 1 (urgent)	Priority 2 (semi-urgent)	Routine categories
Ear, Nose & Throat	<1	3	54
Gynaecology	<1	5	50
Medicine	<1	5	62
Ophthalmology	<1	4	45
Orthopaedics and Traumatology	<1	5	110
Paediatrics and Adolescent Medicine	<1	5	26
Psychiatry	1	4	34
Surgery	<1	5	27

* As there is co-ordination among clinics for the same specialty within clusters, the waiting time for SOP services is thus reported by cluster (not by hospital).
