(Note 1) KG-cum-CCC includes non-profit-making and private ones, and CCCs previously subsidised by SWD. Service places of the child care centre portion in September are shown by school year.

(Note 2) SWD does not have the figures of the actual service utilisation of non-profit-making/private CCCs.

(Note 3) Number of children subsidised by the KG and CCC Remission Scheme is shown as at 31 August of that year.

(Note 4) Category I of the Social Needs refers to cases whereby parents of the children are both employed, with one engaged in full-time employment (i.e. having to work 120 hours per month or more) while the other having to work 104 hours per month or more. As a result, children cannot receive proper care at home.
