

Annex 3 to LCQ9

	Types of goods [Note 1]	Import Value from the Philippines in 2010 (in HK\$)	Import Value from the Philippines in 2011 (in HK\$)	Import Value from the Philippines in 2012 (in HK\$)
Total import value from the Philippines		39,713,224,864	40,866,900,850	40,983,828,402
Breakdown by goods category of imports from the Philippines				
1.	Timber	8,512,726	8,205,702	3,971,377
2.	Cane sugar [Note 2]	3,277	58,172	19,063
3.	Processed food	186,714,568	261,437,309	226,602,411
4.	Semi-conductors	5,899,908,466	4,738,318,181	3,738,743,659
5.	Electronic valves and tubes	74,760	56,500	165,118
6.	Computers	18,513,946	9,072,000	1,161,268
7.	Telecommunications equipment and parts	1,289,120,286	1,225,799,085	1,555,419,196

Note 1: The import value of the above categories is based on the import value of the relevant items under the categorisation of Hong Kong External Merchandise Trade.

Note 2: As some sub-categories under the cane sugar category also fall under the processed food category, these sub-categories are counted once only in computing the total imports value from the Philippines.
