Notes:

1. Under the existing policy, the number of non-local students admitted to undergraduate programmes is capped at a level equivalent to 20% of the approved UGC-funded student number targets. It should be noted that the 20% quota applies to the total number of students in undergraduate programmes rather than the student intake in a particular academic year.
2. ^ To tie in with the implementation of the new academic structure, institutions admitted two cohorts of students in the 2012/13 academic year.
3. # Actual intake figures for the 2014/15 academic year are provisional.
