

Proposed lift and pedestrian walkway system at
Cheung Hang Estate, Tsing Yi

- (i) construction of one lift tower with two lifts and one staircase at Tsing Yu Street;
- (ii) construction of one lift tower with one lift adjacent to the eastern end of the existing footbridge (No. NF230) at Tsing Yi Road West;
- (iii) construction of an elevated pedestrian walkway with a column linking the proposed lift tower in (i) at Tsing Yu Street and Tsing Yi Road West;
- (iv) construction of footpaths near the proposed lift towers in (i) and (ii);
- (v) permanent closure and conversion of a section of the existing footpath at Tsing Yi Road West Park into lift tower in (ii);
- (vi) permanent closure and demolition of a section of the existing footpath in front of the proposed lift tower in (ii);
- (vii) temporary closure and reconstruction of a section of the existing footpath of about 200 metres long along southbound Tsing Yi Road West between the proposed elevated pedestrian walkway in (iii) and the existing footbridge (No. NF230) at Tsing Yi Road West;
- (viii) temporary closure and reconstruction of a section of the existing footpath in front of the proposed lift tower in (i);
- (ix) temporary closure and reconstruction of a section of the existing footpath within Tsing Yi Road West Park; and
- (x) ancillary works including geotechnical, drainage, utility, landscaping and public lighting works.
