

Annex II to LCQ 6

The Census and Statistics Department compiles the import and re-export statistics of hot cathode fluorescent lamps (FLs) (including compact fluorescent lamps (CFLs) and fluorescent tubes) and LED based on the information provided by importers and exporters to the Customs and Excise Department. The figures for 2010 - 2014 are as follows:

(a) Hot Cathode FLs (including CFLs and fluorescent tubes)

Year	Imports (Million)	Re-exports (Million)
2010	73	41
2011	49	24
2012	32	23
2013	30	46
2014	41	33

(b) LED

Year	Imports (Million)	Re-exports (Million)
2010	28,356	19,068
2011	32,231	21,794
2012	32,387	23,324
2013	37,986	28,174
2014	49,432	32,352

Note: Apart from general lighting purposes, LED can also be used as decorative lighting, indicators, display boards, etc.
