

## A building that adds up to zero

The “ZCB”, a building with zero net energy consumption and zero carbon emissions over its life cycle, showcases our state-of-the-art eco-building design and know-how. The “ZCB” embodies our commitment to quality living, energy saving, carbon reduction and an innovative, enterprising, dynamic spirit.

This is OUR HONG KONG. Why not make it yours?

MY HONG KONG

“We actively promote green-building technology not only to save energy but also to help save the planet for future generations.”

*Conrad Wong, Chairman,  
Hong Kong Green Building  
Council*
