[Notes]:

- For the 2006/07 to 2015/16 school years, the total numbers of participating NGOs are 128, 145, 138, 153, 157, 164, 167, 183, 175 and 175 respectively. Since an NGO may organise after-school activities in different districts in a particular school year, the total number of NGOs by district may not tally with the total number under the programmes.
- There are a wide variety of district-based after-school activities organised by NGOs for the target students to choose from. There is no waiting time, and the activities are free of charge. If we only count the number of students participating in tuition classes for homework guidance (excluding other tuition classes for such purposes as training of learning skills, language enhancement, etc), as shown in the current record, the total numbers of participating students are 7 340, 12 700, 12 250, 27 990, 32 410, 34 493, 46 630, 49 890 and 42 028 for the 2007/08 to 2015/16 school years respectively.
