## Note:

The CPI(A), CPI(B) and CPI(C) are compiled with reference to the average expenditure patterns for different groups of households as obtained from the Household Expenditure Survey. By aggregating the expenditure patterns of all households covered by the above three indices, a Composite CPI is also compiled.

The expenditure ranges of the households covered in the 2009/10-based CPI series are as follows:

		Average monthly	Average monthly
	Approximate percentage	household expenditure range	household expenditure range
	of households covered	(at 2009/10 prices)	(adjusted to 2014 prices)
	(%)	(\$)	(\$)
CPI(A)	50	4,500 - 18,499	5,400 - 22,200
CPI(B)	30	18,500 - 32,499	22,200 - 38,500
CPI(C)	10	32,500 - 65,999	38,500 - 77,800
Composite CPI	90	4,500 - 65,999	5,400 - 77,800

<sup>#</sup> Apart from "Private housing rent" and "Public housing rent", the "Housing" section also includes "Management fees and other housing charges" and "Materials for house maintenance".
