

**Approved Intake Places and Number of Graduates  
of University Grants Committee (UGC)-funded  
Full-time Computer Science and Information Technology  
Undergraduate Programmes  
from 2012/13 to 2015/16 school years**

| <b>Academic Year</b> | <b>Approved Intake Places</b> | <b>No. of Graduates</b> |
|----------------------|-------------------------------|-------------------------|
| 2012/13              | 1 300*                        | 766                     |
| 2013/14              | 686                           | 798                     |
| 2014/15              | 713                           | 811                     |
| 2015/16              | 756                           | Not yet available       |

Notes:

1. Computer science and information technology programmes are determined having regard to the academic programme categories (APCs) of the programmes as reported by the UGC-funded institutions.
2. The number of students of UGC-funded programmes that are mapped to more than one APC is counted on a pro rata basis under the relevant APC.
3. Approved intake places include first year and senior year undergraduate intakes.
4. \*To tie in with the implementation of the new academic structure, UGC-funded institutions admitted two cohorts of undergraduate students under the old and new academic structures in the 2012/13 academic year.
5. The number of graduates for 2015/16 is not yet available.
