- (1) Labour force statistics covering a moving three-month period are published every month by the C&SD. The latest figures published covered the reference period from February to April 2016.
- (2) Industry refers to the activity of the establishment in which the respondent worked during the seven days before enumeration. The General Household Survey currently follows the major industry groups of the Hong Kong Standard Industrial Classification Version 2.0 in classifying the industry in which an employed person works or the industry in which an unemployed person previously worked.
- (3) Accommodation services cover hotels, guesthouses, boarding houses and other establishments providing short-term accommodation.
