

The use of shadow vehicle for mobile operations on expressways

When conducting mobile operations on expressways, it is necessary to use shadow vehicles. Shadow vehicles must be equipped with truck mounted attenuator, amber flashing beacon, flashing arrow sign and barricade sign. Please refer to **Figure 1** for the equipment of a shadow vehicle. According to the speed limit of the road and mode of operation, the works vehicle and shadow vehicle need to maintain a proper buffer distance (**Figure 2**). The relevant requirement on buffer distance can be found in the Code.
