Sale of HOS Flats 2017

Household Size	Income Limit¹	Asset Limit
Two to nine persons	\$52,000 (\$54,700)	\$1,700,000
Ten persons and above ²	\$52,440 (\$55,200)	
One person	\$26,000 (\$27,400)	\$850,000

¹ The equivalent income limits with the statutory Mandatory Provident Fund Scheme contribution included are shown in brackets in the table.

² Since the public rental housing income limit for a household size of ten persons and above (\$52,440 per month) is higher than the proposed HOS income limit (\$52,000 per month), in accordance with the established methodology, the HOS income limit for family applicants with a household size of ten persons and above will be \$52,440 per month.
