Photo Library

The Photo Library is the Government's most important photo archive. The oldest record can be traced back as early as the mid-1800s. Apart from providing an official photographic record of Hong Kong's progress and development, the Library includes a treasure trove of photos showing the many and varied facets of life in Hong Kong including our natural beauty, culture, sports and architecture. Important Notices

The homepage of Government Photo Records and Sales (www.photostore.gov.hk), launched today (August 24), shows at a glance the broad photo categories to make it easier for people locally and overseas to browse and buy the Information Services Department's photos.
