Total	225.4	249.5	218.2	12.0	28.7	0.9

Notes:

- # Negative outflow does not necessarily relate to equity withdrawal. It may be the result of repayment of loans by non-resident affiliates.
- @ Breakdowns on ASEAN member states other than Singapore, Thailand, Malaysia and the Philippines are not available due to the limited sample size of the relevant survey and the need to keep confidential the information provided by individual companies.
- Individual figures may not add up to the total due to rounding.
 - ASEAN member states here refers to the immediate destination economy. It does not necessarily reflect the country/territory in which the funds are ultimately used.
