Notes:

1. The relevant statistics is estimated based on the findings from the Departing Visitor Survey (DVS) of the Hong Kong Tourism Board. Apart from vacation and business, other purposes of visit include visiting friends/relatives and en route etc.
2. Visitors from some ASEAN member states took up a relatively small share of all survey samples of the DVS, which are insufficient for deriving the estimated share of overnight arrivals to Hong Kong with the purposes of vacation and business.
