Retired	6 (2.2%)	2 (0.7%)	3 (1.2%)
Unknown	129 (46.7%)	127 (42.5%)	119 (49.2%)
Others	12 (4.3%)	20 (6.7%)	6 (2.5%)
Total*	276 (100%)	299 (100%)	242 (100%)

* The number of abusers of the child sexual abuse cases and the number of cases are not the same because one abuser may abuse more than one child and a child may be abused by more than one abuser.

The abuser is a school-attending person, e.g. the more senior student in the same school of the child who is sexually abused.
