Note:* The figure represents the number of pitches vacated as a result of voluntary surrender of hawker licences under the Hawker Assistance Scheme. The figure does not include pitches with a higher risk which are unsuitable for setting up stalls (including pitches located within a six-metre radius in front of building staircase discharge points and within 1.5 metres of fire hydrants/located at emergency vehicular access), earmarked to accommodate stalls that require relocation due to fire safety considerations, absorbed in the course of rationalisation of the overall layout of hawker areas, and reserved for resite commitments due to other needs.
