Total No. of Lifts :				428		

Note 1: The Hong Kong Housing Authority (HA) does not maintain consolidated statistics on the projected number of residents of individual public housing estates at the design stage. As the above-mentioned housing estates were designed many years ago, it takes time to retrieve the projected number of residents at the time of design. We are unable to provide such data for the time being. Furthermore, the actual population will change over time as a result of changes in residents' family status. The information of authorised population is as at 30 September 2018.

Note 2: There are three lifts in Hoi Shui House.

Note 3: Ming Yuet House is an annex block which has only one lift.

Note 4: There are five lifts each in Fung Lai House and Ying Lai House.
