

Proposed road connection
between Hong Kong International Airport (HKIA) and
Hong Kong-Zhuhai-Macao Bridge Hong Kong Port (HKP)

- (i) modification and realignment of a section of the existing Chek Lap Kok Road slip road connecting Sky City Interchange (HKP bound), including:
 - (a) permanent closure and conversion of a section of the existing at-grade carriageway into elevated carriageway and amenity area;
 - (b) permanent closure and conversion of sections of the existing amenity areas into at-grade carriageway; and
 - (c) temporary closure and reconstruction of sections of the existing at-grade carriageway;
- (ii) construction of an elevated carriageway of approximately 0.4 kilometres long connecting HKIA and the HKP with associated junction/road modification works;
- (iii) temporary closure of sections of the existing at-grade carriageways and amenity areas within the limit of works area; and
- (iv) ancillary works including site formation, construction of retaining walls and slopes, landscaping, drainage, sewerage, water, utilities, slope stabilization, street lighting and traffic signage works.
