Second plenary meeting of the Leading Group:

announced 8 measures to facilitate free flow of people, goods, etc. in the Greater Bay Area

#### Important Milestones (Cont'd)

#### Eight measures to facilitate free flow of people, goods, etc. in the Greater Bay Area

- In determining one's tax obligations, any stay of less than 24 hours on the Mainland will not count as a day of presence
- Provide tax relief to non-Mainland high-end talents and talents in short supply
- Support the open recruitment of Hong Kong and Macao residents by public institutions of Guangdong Government in the Greater Bay Area
- Extend to young entrepreneurs of Hong Kong and Macao working in Mainland cities in the Greater Bay Area support measures provided by Guangdong Government to Mainland youth

- Support higher education institutions and scientific research institutes from Hong Kong and Macao to participate in projects under Guangdong technology programmes
- Introduce immigration facilitation reform pilots schemes in the Greater Bay Area;
- Facilitate non-business private cars from Hong Kong and Macao using the Hong Kong-Zhuhai-Macao Bridge
- Expand the implementation scope of expedited customs clearance

#### **The Outline Development Plan**

#### Seven areas of development

- Developing an International Innovation and Technology Hub
- Expediting Infrastructural Connectivity
- Building a Globally Competitive Modern Industrial System
- Taking Forward Ecological Conservation
- Developing a Quality Living Circle for Living, Working and Travelling
- Strengthen Cooperation and Jointly Participating in the Belt and Road Initiative
- Jointly Developing Guangdong-Hong Kong-Macao
   Cooperation Platforms

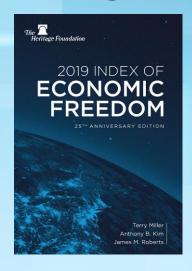

#### **Hong Kong's Competitive Strengths**

- International financial centre (Ranked No.3 worldwide after New York and London)
- International aviation hub (74 million passengers and
   5.1 million tonnes of cargo and air mail)
- Business environment based on rule of law and highly internationalised (ranked no. 4 worldwide in ease of doing business)
- Freest economy in the world (25 years in a row rated by Heritage Foundation)
- Global business network (13 overseas ETOs and over 8 700 overseas and Mainland companies in Hong Kong)
- Top-notch universities with strong research capability (4 universities amongst the world's 100)

#### **Financial Services**

- Provide platform for investment and financing
- Promote financial co-operation and development
- Provide offshore RMB business
- Promote green finance
- Provide quality insurance services

#### **Transport & Logistics**

- Enhance Hong Kong's status as international aviation hub and strengthen its role as aviation management training centre to help develop a world-class airport cluster in the Greater Bay Area
- Develop Hong Kong's high-end maritime services to support Greater Bay Area ports to raise the port cluster's overall international competitiveness
- Ensure smooth cross-boundary flow of people and goods and raise service standards

#### Enhanced connectivity between the east and the west of the Pearl River Delta Region

- Nansha Bridge (Commissioned on April 2, 2019)
- Humen Bridge (Commissioned in 1997)
- Shenzhen-Zhongshan Link (Expected to be commissioned in 2024)
- Hong Kong-Zhuhai-Macao Bridge (Commissioned in October 2018. Hong Kong (Hong Kong International Airport) to Zhuhai reduced from 3 hours to 45 minutes)

- Guangzhou-Shenzhen-Hong Kong
  Express Rail Link
  (Hong Kong (West Kowloon
  Terminus) to Guangzhou reduced
  from 2 hours to 50 minutes)
- Liantang/Heung Yuen Wai
  Boundary Control Point
  (7th land-based control point to
  be opened in 2019, further
  boosting daily passenger flows,
  now at 650 000)

Efficiency enhanced by use of technology, E-channel, facial recognition, Single E-lock, etc.

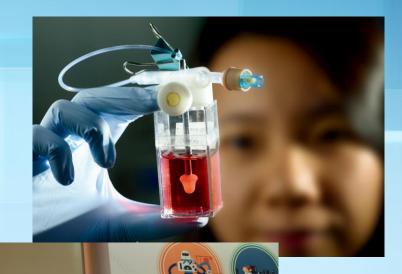

#### International Innovation & Technology Hub

Leveraging on respective strengths of Hong Kong, Macao and Mainland cities –

- Enhance basic research capability and strengthen cross-boundary cooperation
- Enhance in-depth integration of industries, academia and research
- Develop and nurture a batch of platforms for technological innovation
- Promote commercial application of technological achievements

#### International Innovation & Technology Hub (Cont'd)

#### HKSAR Government's concrete work:

- Build research infrastructure: Hong Kong-Shenzhen Innovation & Technology Park at Lok Ma Chau
   Loop, Hong Kong Science Park extension, Cyberport Phase 5
- Increase scientific research funding and provide tax deduction for R&D expenditures
- Pool technology talents through establishing two research clusters at Science Park on healthcare technologies and AI & robotics, nurture local talents and bring in overseas talents
- Invest in local I&T start-ups through the Innovation & Technology Venture Fund
- Open up Government and public data for research
- Introduce pro-innovation procurement policy
- Renew legislation to meet new economic needs
- Enhance popular science education

Centre for international legal and dispute resolution services in Asia-Pacific

- A well-established common law legal system firmly based on the rule of law and an independent judiciary
- Large pool of experienced arbitrators from various countries or regions, professionally trained and specialised in different jurisdictions and practice areas
- The New York Convention applies to Hong Kong, and Hong Kong arbitral awards are enforceable in over 150 Contracting States

#### Specific Sectors in which Hong Kong's Strengths Lie

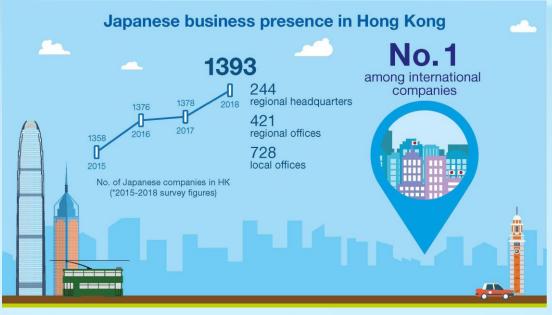

- Medical services:
  - Room for expansion for our medical and healthcare sector
  - Bring in new services and raise standard of professional healthcare on the Mainland to meet increasing demands
- Higher education:
  - Give full play to our strengths in teaching & learning, research and internationalisation
  - Provide quality education and nurture talents for the country's development
- Creative industries:
  - Leverage on Hong Kong's "East meets West" cultural ecosystem
  - Cooperate in film industry
  - Promote design

### Hong Kong stands to connect Japan with the Guangdong - Hong Kong - Macao Greater Bay Area because of our close ties

- Japan is Hong Kong's fourth largest merchandise trading partner and Hong Kong is Japan's eighth
- Close to 1400 Japanese companies in Hong Kong (47% are Regional HQs and Regional Offices)
- Strong people to people links:
  - Over 450 flights every week to 15 destinations in Japan
  - 2.2 million visitors from Hong Kong to Japan, and 1.29
     million from Japan to Hong Kong in 2018

The Chief Executive's successful visit to Japan in October 2018

Joint statement by the Chief Executive and Japan Foreign Minister re-affirming cooperation in a wide range of areas including the Greater Bay Area

## LET'S SEIZE THE OPPORTUNITIES IN THE GREATER BAY AREA DEVELOPMENT TOGETHER!
