

## Annex 3

In the 2010/11 school year, there are a total of about 6 700 students in the various types of special schools at Annex 1, and 95 of them live in different areas of Islands District. Their distribution and a breakdown of the number of students attending schools in other districts are as follows:

Area	Cheung Chau	Lamma Island	Peng Chau	Discovery Bay	Lantau Island	Tung Chung	Total
No. of students	15	1	2	2	3	72	95
No. of students attending schools in other districts	1	0	1	0	1	10	13

Note:

- (1) Students living in Cheung Chau, Lamma Island, Peng Chau, Discovery Bay and Lantau Island who do not study in schools on Hong Kong Island are classified as students attending schools in other districts.
- (2) Students living in Tung Chung who do not study in schools in New Territories West A are classified as students attending schools in other districts.
- (3) In the above table, the area of Lantau Island does not include Discovery Bay and Tung Chung.
