<sup>1</sup> 2011 HKCEE is the last HKCEE organised for private candidates. Due to the considerable reduction in the candidature, while the costs for conducting the examination would not be reduced proportionately, in December 2010, the Finance Committee approved a Grant to HKEAA for meeting the expenses in conducting the examination and the 2013 HKALE for private candidates.

<sup>2</sup> The examination fees for 2012 HKALE language subjects, non-language subjects (A-Level) and non-language subjects (AS-Level) are \$627, \$418 and \$209 respectively.
