

Annex to LCQ 16

Number of passengers (including Hong Kong residents) using various boundary control points from January to September 2011

Boundary control points		Number of cross-boundary trips (daily average)
Land control points	Lo Wu	68.6 million (251 000)
	Lok Ma Chau Spur Line	24.7 million (91 000)
	Hung Hom	2.9 million (10 500)
	Lok Ma Chau	23.7 million (87 000)
	Shenzhen Bay	18.3 million (67 100)
	Sha Tau Kok	2.3 million (8 500)
	Man Kam To (Note 1)	120 000 (400)
Sea control points	Hong Kong Macau Ferry Terminal	13.4 million (49 000)
	China Ferry Terminal	6.3 million (23 000)
Air control point	Hong Kong International Airport	26.3 million (96 300)

Note 1 Owing to reconstruction of the Shenzhen Wenjindu Port, passenger clearance service at Man Kam To Control Point has basically been suspended since February 2010 (with the exception of special cross-boundary coach service), while service for goods vehicles and cross-boundary students remained unaffected.
