<sup>1</sup> The amounts of compensation/costs for a particular year set out in the above table refer to the compensation/costs paid for cases of claims reported for that year as at the end of December 2011. For example, for cases reported in 2007, as at the end of December 2011, there were a total of 133 cases of claims, of which 41 were settled out of court, involving compensation totalling \$18.2 million.

<sup>2</sup> The total amounts of compensation in this row include a sum of \$3.7 million paid as compensation for cases settled during the mediation process. As the content of the compensation agreements must be kept confidential and the number of cases of claims settled during the mediation process is relatively small, we are unable to provide a breakdown on the amounts of compensation paid according to the agreements reached by mediation.

<sup>3</sup> Including cases of claims which were settled out of court after legal proceedings had commenced.
