

Annex 5 to Legislative Council Question No 22

New tender terms in the service contract between the FEHD and the contractors that took effect in August 2014

- (i) To facilitate on-site monitoring, the contractor is required to use transparent plastic bags for collection of recyclables, and the bags should be printed with the words “used for collecting recyclables”. Notices showing “FEHD contractor providing collection service for recyclables” should be displayed on both sides of the body of its collection vehicles;
- (ii) The contractor is required to nominate up to two local recyclers to receive and recycle plastic recyclables when submitting their bids for the contracts. Each recycler nominated shall have independent capability and experience to properly process plastic recyclables at a designated recycling site; and
- (iii) The FEHD may direct the contractor to change its recyclers if their performance is not satisfactory.
