

**The average declared domestic export unit value of
waste plastics, paper and metals
(2010 - 2014)**

Year	Plastics	Paper	Metals
	(Thousand Hong Kong dollar/tonne)	(Thousand Hong Kong dollar/tonne)	(Thousand Hong Kong dollar/tonne)
2010	2.3	1.5	4.4
2011	2.4	1.8	5.0
2012	2.4	1.7	5.9
2013	1.7	1.5	5.3
2014	1.7	1.4	4.4

Note:

- (1) Unit value is value divided by quantity but not price. It may change due to non-price factors. For example, changes in proportions and qualities of various types of recyclables contained in the whole batch of recyclables. However, in general, the trend of unit value can be taken as roughly reflecting the price trend.
