^{Note 1} Each institution was required to set aside 6% of their non-manpower-planned places for competitive allocation, except for LU and HKIED. LU was required to set aside 4% of its FYFD places because of its small size. HKIED did not need to set aside any places for competitive allocation, since most of its programmes were either subject to the Administration’s manpower planning requirement or “protected” areas – in June 2009, the Chief Executive in Council approved the provision of 120 additional FYFD places to HKIED to provide non-teacher-education programmes starting from 2010/11 onwards to pave way for its development into a multi-disciplinary institution.

^{Note 2} Including 85 places allocated to meet additional manpower requirements and other changes in manpower-planned places.

^{Note 3} The 39 places reduced are the result of the decrease in requirement for teacher education places at primary level as per Government’s advice. These places were redistributed to meet the requirements of other manpower-planned disciplines.
