## Notes:

1. To facilitate public's understanding of the Vaccine Pass requirements, this note sets out the key requirements. For other relevant requirements and exemption arrangements etc., please refer to the Vaccine Pass Direction issued under the Prevention and Control of Disease (Vaccine Pass) Regulation (Cap. 599L) (G.N.(E.) 348 of 2022) and the Vaccine Pass thematic website ([www.vaccinepass.gov.hk](http://www.vaccinepass.gov.hk)).

Under the arrangements for the first stage of the Vaccine Pass (from 24 February to 29 April 2022), except for exempted persons and recovered persons within 6 months from recovery, all persons aged 12 or above (including staff, customers, users and visitors etc.) are required to have received at least one dose of COVID-19 vaccine for entering or remaining on any specified premises (except for staff involved in the operation of catering premises who should receive two doses of COVID-19 vaccine and customers of hotels/guesthouses who are not subject to any vaccination requirement).

Under the arrangements for the second stage of the Vaccine Pass (from 30 April to 30 May 2022), except for exempted persons, recovered persons within 6 months from recovery and persons aged 12 to 17, all persons aged 18 or above (including staff, customers, users and visitors) are required to have received at least two dose of COVID-19 vaccine for entering or remaining on any specified premises (except for customers of hotels/guesthouses who are not subject to any vaccination requirement).

All persons entering or remaining on specified premises are required to carry an electronic or a paper copy of their COVID-19 vaccination record or COVID-19 Vaccination Medical Exemption Certificate (Exemption Certificate), and present it on the request of authorised officers or persons-in-charge. For other Vaccine Pass requirements, please refer to the Vaccine Pass Direction (GN (E.) 348 of 2022).

Persons exempted from the Vaccine Pass requirements include: (a) a person aged below 12; (b) a person holding an Exemption Certificate; (c) a person entering a premises only for placing an order for takeaway of food or drink, or taking such food or drink on the premises; (d) a person delivering or picking up an article on the premises; (e) a person performing necessary repairs on the premises; (f) a person entering or passing through a premises for receiving vaccination, medical treatment, a COVID-19 testing, receiving essential Government services, or participating in legal proceedings; and (g) a person who has lawful authority or reasonable excuse for entering or remaining on the premises. For detail of the exemption conditions, please refer to the COVID-19 Thematic Website ([www.coronavirus.gov.hk/pdf/vp\\_t2\\_ENG.pdf](http://www.coronavirus.gov.hk/pdf/vp_t2_ENG.pdf)).

For premises subject to “active checking” under the Vaccine Pass (outdoor sports premises only as far as feasible), the person-in-charge should:

- (a) display a notice in the specified format (see the Vaccine Pass Direction for detailed requirements) in a prominent position at or near every entrance to the premises;
- (b) inspect the vaccination records or Exemption Certificates (as applicable) of all persons entering or remaining on the premises to ensure that the visitors fulfill the requirements under the Vaccine Pass;
- (c) for persons entering or remaining on indoor premises, other than staff members involved in the operation of the premises, if the vaccination record or Exemption Certificate (as applicable) presented in accordance with (b) contains or is in form of a QR code, use the latest version of the “QR Code Verification Scanner” mobile application developed by the Government to scan the QR code of vaccination record or Exemption Certificate and keep the log record for 31 days (the person-in-charge is required to upload the log record to an information system specified by the Government on the request of an authorised officer);
- (d) for persons entering or remaining on indoor premises, other than staff members involved in the operation of the premises, whose vaccination record or Exemption Certificate (as applicable) presented in accordance with (b) does not contain or is not presented in a form of a QR code, and for children aged below 12 not accompanied by an adult ([except children aged below 12 who presented a vaccination record or Exemption Certificate containing a QR code](#)), require such persons to make a declaration or provide their contact information using the specified form available on the COVID-19 Thematic Website/relevant website of the Food and Environmental Hygiene Department (FEHD) to collect the name, telephone number, date and time of visit of such persons entering or remaining on the premises and to keep the declaration or information collected for 31 days; and
- (e) for staff members involved in the operation of the premises, collect and retain the vaccination record or Exemption Certificate (as applicable) of his/her staff members for inspection on the request of an authorised officer.

[Theme parks under PPE only need to comply with items \(a\), \(b\) and \(e\) above; scheduled premises within theme parks only need to comply with items \(a\) and \(e\) above; whereas catering premises within theme parks need to comply with items \(a\) to \(e\) above as applicable.](#)

For premises subject to “passive checking” under Vaccine Pass, the person-in-charge of the premises should:

- (a) display a notice in the specified format (see the Vaccine Pass Direction for detailed requirements) in a prominent position at or near every entrance to the premises; and
- (b) for staff members involved in the operation of the premises, collect and retain the vaccination record or Exemption Certificate (as applicable) of his/her staff members for inspection on the request of an authorised officer.

For hotels/guesthouses, the person-in-charge of the premises should:

- (a) collect and retain the vaccination record or Exemption Certificate (as applicable) of his/her staff members for inspection on the request of an authorised officer.

2. [Arrangements must be made for all staff members involved in the operation of the catering premises to, starting from 21 April 2022, undergo a rapid antigen test \(RAT\) for COVID-19 once every three days before entry into the premises and keep record of each RAT result for 3 days \(in other words, a staff member must, on the day when he/she enters the premises for work \(the relevant work day\), hold a RAT result obtained on the relevant work day or on any of the two days immediately preceding the relevant work day\).](#)

3. For a staff member of catering premises or scheduled premises holding an Exemption Certificate or who had been issued an Exemption Certificate and subsequently received one dose of COVID-19 vaccine but has not received two doses of COVID-19 vaccine, arrangements must be made for he/she to undergo a polymerase chain reaction based nucleic acid (PCR) test for COVID-19 once every 7 days starting from 21 April 2022 and the sample(s) of the test(s) must be taken through combined nasal and throat swabs which must not be taken by the person being tested, and ensure that a SMS notification containing the result of the test is obtained before 28 April 2022 and the end of every subsequent 7-day period and keep record of each SMS notification for 31 days. [A staff member who had obtained a positive result in a PCR test or RAT for COVID-19 in the past 3 months needs not comply with the aforesaid regular PCR test requirement.](#)

4. If a staff member involved in the operation of catering premises or scheduled premises (who is required to have received two doses of COVID-19 vaccine) had been issued an Exemption Certificate and such staff member subsequently received one dose of COVID-19 vaccine but has not received the second dose of COVID-19 vaccine, then the relevant premises operator and staff member who adopt the following two measures would not be deemed to

have violated the relevant requirement about staff members receiving two doses of COVID-19 vaccine:

- (i) ensure that such staff member has already made an appointment for receiving the second dose of COVID-19 vaccine within 35 days following the day on which he/she received the first dose, and keeps record of the above appointment; and
- (ii) arrange for such staff members to undergo testing in accordance with the applicable requirements set out in Note 3.

**5.** Premises operator should display the poster containing the “LeaveHomeSafe” (LHS) venue QR code at the entrance of the premises or at a conspicuous location which must be unobstructed at any one time so that it is readily accessible for scanning with a mobile phone/other mobile device by a person entering the premises and the size of the image of the poster displayed must not be less than 210 x 297mm (A4 size).

For premises subject to “active checking” (see note 1) and hotels/guesthouses, it must be ensured that before a customer/user is allowed to enter the premises, he/she scans the LHS venue QR code using the LHS mobile application on his/her mobile phone/other mobile device. This requirement does not apply to a customer only ordering takeaway at a catering business premises. Customers or users of premises subject to “passive checking” (see note 1) should also comply with the above LHS related requirements, but the requirement for relevant premises operator to ensure compliance with the LHS requirements by customers or users is not applicable.

The following three categories of persons may use the specified form available on the COVID-19 Thematic Website / FEHD webpage or a written or electronic form separately prepared containing all content in the aforementioned standard form to register his/her name, contact number and the date and time of his/her visit as an alternative to the use of the LHS mobile application. The relevant premises operator must keep the written or electronic records for 31 days:

- (a) persons aged 65 or above and aged 15 or below;
- (b) persons with disability; and
- (c) other persons recognised by the Government or organisation(s) authorised by the Government for this purpose.

For persons aged 15 or below entering a catering premises or scheduled premises, he/she would not have to register his/her personal information using the specified form if he/she is accompanied by an adult who has complied with the LHS requirement (i.e. he/she has used the LHS mobile application or use the specified form to register relevant information as an alternative in accordance with the requirements). For premises subject to "passive checking", the three categories of persons are not required to fill in the specified form.

The above requirements on customers’ use of LHS mobile application do not apply to scheduled premises that are regulated under the Prevention and Control of Disease (Requirements and Directions) (Business and Premises) Regulation (Cap. 599F) and owned or managed by the Government of the Hong Kong Special Administrative Region.

**6.** “Adequate distance” means there is a distance of at least 1.5 metres between the two while “effective partition” means there is some form of partition which could serve as effective buffer between the two.

**7.** The following infection control recommendations must be applied to shower facilities: (a) keep social distancing between users of at least 1.5 metres by opening alternate shower heads if they are not within individual cubicles; (b) carry out cleaning and disinfection of the shower cubicles at least once every four hours; (c) carry out regular environmental cleaning and disinfection on the facilities (including storage cabinet) at least daily; and (d) forbid sharing of personal items such as towel.

**8.** If the relevant arrangement is not practicable, it must be ensured that the staff responsible for clearing used utensils and cleaning and disinfecting used tables and partitions must adopt hand hygiene measures before switching to perform other duties, and should adopt hand hygiene measures as necessary during each round of cleaning-up duties. Hand hygiene measures include using alcohol-based hand sanitisers, washing hands or changing gloves.

**9.** Person responsible for a catering premises must have fulfilled the requirements on air change or air purifiers for the seating area of catering premises specified by the FEHD on or before 30 April 2021.

**10.** Team sports played at public skating rinks include but are not limited to ice hockey.

**11.** In respect of a place of public entertainment only with live performance, theme park or a live performance at event premises, a person is required to wear a mask at any time as far as feasible when the person is performing in a live performance or rehearsing. A performer who does not wear a mask during rehearsal or performance must:

- (i) undergo a PCR test for COVID-19, the sample for which should be taken through combined nasal and throat swabs which must not be taken by the person being tested, within 7 days prior to the first entry to the place and every subsequent 14 days thereafter; and
  - (ii) undergo a RAT for COVID-19 every day before entry into the premises;
- and there must be a distance of at least 1.5 metres or some form of partition which could serve as effective buffer between the performer who does not wear a mask and any audience/visitors/guests.

**12.** Team sports played at sports premises include but are not limited to baseball, basketball, cricket, dodgeball, dodgebee, gateball, handball, hockey, kin-ball, korfball, lacrosse, netball, roller hockey, rugby, shuttlecock, football, softball, tchoukball, volleyball and woodball.

**13.** Outdoor sports premises should follow, as far as feasible, the requirement on ensuring that before a customer is allowed to enter the premises, he/she scans the LHS venue QR code using the LHS mobile application on his/her mobile phone/other mobile device.

**14.** No more than 20 persons may be allowed to stay in a suite therein at one time during any religious or cultural ritual in relation to a wedding on the conditions that: (i) the ritual takes place between 8am to 5pm; and (ii) a person must wear a mask at all times within that suite except when consuming food or drink as part of the ritual.

**15.** The relevant requirements include restrictions on the guests who may stay in the hotel and closure of “non-essential” facilities related to the operation of a DQH, etc.

**16.** Customers/participants of event premises and religious premises must comply with the relevant applicable requirements under the Vaccine Pass Direction, except for a participant (who is not a staff member involved in the operation of the premises) of:

- (i) a wedding ceremony with the number of participants not exceeding the statutory required attendance for marriage (i.e. (a) the Register, civil celebrant or officiating minister; (b) the wedding parties; and (c) 2 witnesses) under the Marriage Ordinance (Chapter 181) where no food or drink served (except as part of a religious ritual); or
- (ii) a funeral or any other occasion for mourning for or remembering a deceased who has yet to be buried or cremated.

**17.** “Persons directly involved in the training by or selection of specified athletes” means persons directly involved in the training by or selection of athletes of the Hong Kong representative team and squad for the purpose of qualifying and / or preparing for (a) Hangzhou 2022 Asian Games; (b) Hangzhou 2022 Asian Para Games; (c) Chengdu FISU World University Games; or (d) Asian Football Confederation tournaments.

**18.** Swimming pool is allowed to open when being used solely for training by or selection of athletes of the Hong Kong representative team and squad for the purpose of qualifying and/or preparing for (a) Hangzhou 2022 Asian Games, (b) Hangzhou 2022 Asian Para Games, or (c) Chengdu FISU World University Games and subject to compliance with the relevant applicable restrictions and requirements, including the use of LHS and Vaccine Pass etc. Please refer to relevant prevailing directions issued under Cap. 599F for the restrictions and requirements applicable to such swimming pool.

**19.** Apart from the measures set out in this annex, all catering business and scheduled premises must also adopt the other applicable measures as required under the relevant specification and directions issued under Cap. 599F, including but not limited to screening of body temperature of customers, provision of hand sanitiser and adopting corresponding measures for reducing transmission risks when certain requirements or restrictions under Cap. 599F directions are not complied with (if applicable).

**20.** The relevant mask-wearing requirements are imposed under the Prevention and Control of Disease (Wearing of Mask) Regulation (Cap. 599I).
