

**Number of instances of implementing high wind traffic management  
on  
Lantau Link and Ting Kau Bridge in Tsing Ma Control Area** <sup>Note 1</sup>

<b>Year</b>	<b>Stage I High Wind Traffic Management</b> Note 2	<b>Stage II High Wind Traffic Management</b> Note 3	<b>Stage III High Wind Traffic Management</b> Note 4
<b>Before revision of the high wind traffic management measures</b>			
2018 (January to July)	3	0	0
<b>After revision of the high wind traffic management measures</b>			
2018 (August to December)	2	2	0
2019	0	0	0
2020	0	0	0
2021	0	1	0
2022 (January to May)	0	0	0
<b>Total</b>	<b>5</b>	<b>3</b>	<b>0</b>

Note 1: In calculating the number of instances of implementing high wind traffic management, every such instance for the respective stage of high wind management for each of Lantau Link and Ting Kau Bridge is counted separately.

Note 2: Vehicles with an overall height exceeding 1.6 metres, motorcycles and motor tricycles will be banned from using the bridge deck. The centre lanes on the bridge deck will remain closed throughout the period and the speed limit of vehicles will be reduced from 80 km per hour (kph) to 50 kph.

Note 3: All lanes on the upper deck of the Lantau Link will be closed and all vehicles must use the single-lane carriageway on the lower deck with a speed limit of 50 kph. Ting Kau Bridge will be completely closed.

Note 4: Both upper and lower decks of the Lantau Link will be completely closed.

**Number of instances of implementing  
high wind traffic management on Stonecutters Bridge**

<b>Year</b>	<b>Stage I High Wind Traffic Management</b> Note 5	<b>Stage II High Wind Traffic Management</b> Note 6
2018	0	0
2019	0	0
2020	2	0
2021	1	0
2022 (January to May)	0	0
<b>Total</b>	<b>3</b>	<b>0</b>

Note 5: Vehicles with an overall height exceeding 1.6 metres, motorcycles and motor tricycles will be banned from using Stonecutters Bridge. The centre lane on the bridge deck will remain closed throughout the period and the speed limit of vehicles will be reduced from 80 kph to 50 kph.

Note 6: Stonecutters Bridge will be closed.

**Number of instances of implementing  
high wind traffic management <sup>Note 7</sup> on Shenzhen Bay Bridge and  
Hong Kong-Zhuhai-Macao Bridge Hong Kong Link Road**

<b>Year</b>	<b>Shenzhen Bay Bridge</b>	<b>Hong Kong-Zhuhai-Macao Bridge Hong Kong Link Road</b>
2018	1	0
2019	0	0
2020	0	1
2021	0	0
2022 (January to May)	0	0
<b>Total</b>	<b>1</b>	<b>1</b>

Note 7: Closure of Shenzhen Bay Bridge/Hong Kong-Zhuhai-Macao Bridge Hong Kong Link Road will be implemented.
