綠綠收  
GREEN COLLECT

環境保護署(環保署)為登記使用「綠綠收」服務的屋苑提供一站式信心回收服務,由「綠在區區」營辦團體及環保署其他可回收物收集服務承辦商到屋苑收集多種缺乏商業回收出路的可回收物,再交由下游回收商妥善處理,以協助屋苑為即將落實的都市固體廢物收費做好準備。

The Environmental Protection Department (EPD) provides a one-stop reliable recycling service for "GREEN COLLECT" housing estates. Operators of GREEN@COMMUNITY and other EPD contractors of various recyclable collection programmes will collect recyclables which are lack of commercial recycling outlet and deliver the recyclables to downstream recyclers for proper treatment, with a view to helping the participating housing estates to get prepared for the upcoming implementation of municipal solid waste charging.
