#### Notes:

- (\*) Figures are not released due to relatively large sampling error.
1. Figures are rounded to the nearest hundred.
  2. Figures in the table may not add up to the total due to rounding.
  3. Accommodation services cover hotels, guesthouses, boarding houses and other establishments providing short term accommodation.
  4. The retail, accommodation and food services industries as a whole is generally referred to as the consumption- and tourism-related segment.
  5. Poor population refer to the persons in the households with household income below the poverty line of the corresponding household size.
  6. Post-intervention (all selected measures) income refers to the pre-intervention household income with taxes payable deducted and recurrent cash benefits, non-recurrent cash benefits (including one-off measures) and selected means-tested in-kind benefits (monetised as part of income) included.
  7. C&SD does not compile quarterly poverty statistics.
