**Hon LEUNG Man-kwong's motion on  
“Promoting the redevelopment of aged public housing estates”**

**Wording of the Motion**

That at present, there are quite a number of aged public housing estates under the Hong Kong Housing Authority having a serious problem of ageing buildings; in this connection, this Council urges the Administration to redevelop aged public housing estates in an orderly manner, including setting a redevelopment timetable, actively utilizing the resources of newly built public housing, and facilitating the collaboration of different housing organizations for conducting redevelopment projects, so as to expedite the progress of redeveloping aged estates, improve the living environment of residents and increase the supply of public housing units in the long run.
