Table 3: Number of CCSV users being changed from “active cases” to “inactive cases” [Note]

	CCSV users	CCSV users (inactive cases)
Phase 2	4 379	3 206
Phase 3 (As at end-December 2022)	6 851	5 631

[Note] SWD will update status of elderly persons’ applications for Long Term Care (LTC) services on the Central Waiting List (CWL) to “inactive cases” upon the issue of CCSV to the elderly persons. While participating in the Scheme, elderly persons may, if needed, contact their responsible social workers to reactivate their case status on the CWL for LTC services by changing from “inactive cases” to “active cases” and their waitlisting positions will follow the dates of their original applications. SWD does not maintain the number of “inactive cases” of the first phase.
