Notes:

- * The distribution of PRH estates under the 18 districts varies, and hence the relevant figures may be significantly different. Furthermore, as there are drop bars installed at the road entrances as barrier in some individual PRH estates, illegal parking is less common in these estates as compared to some larger PRH estates (especially those estates with many entrances and roads) or estates with more serious illegal parking in some districts, where the figures of enforcement actions will be higher. Estate management staff will take appropriate road control measures having regard to different circumstances.
- # There is no PRH estate under the HA in Wan Chai District and Yau Tsim Mong District.
