

Table 1 - Labour Importation Scheme for Construction Sector - trades eligible for importing skilled workers

1. Bar Bender and Fixer
2. Concrete and Grouting Worker
3. Woodworker
4. Rigger/Metal Formwork Erector
5. Curtain Wall and Glass Panes Installer
6. False Ceiling Installer
7. Cement Sand Mortar Worker
8. Paving Block Layer
9. Painter and Decorator
10. Leveller
11. Metal-steel Worker
12. Welder
13. Scaffolder
14. Plant and Equipment Operator
15. Plant and Equipment Mechanic (Construction Work)
16. Drain and Pipe Layer
17. Electrician
18. Lift and Escalator Mechanic
19. Fire Service Mechanic
20. Refrigeration / Air-conditioning / Ventilation Mechanic
21. Asphalter (Road Construction)
22. Blasting worker
23. Construction Goods Vehicle Driver
24. Demolition Worker
25. Diver (Construction Work)
26. Piling Operative
27. Tower Crane Mechanic (Erecting, dismantling and height alternation)
28. Overhead Linesman (High Voltage)
29. Asbestos Abatement Worker

Table 2 - Labour Importation Scheme for Construction Sector - Discipline eligible for applying importation of technician and site supervisory personnel

1. Civil Engineering Technician/ Structural Engineering Technician/ Geotechnical Engineering Technician
2. Surveying Technician (Building)
3. Surveying Technician (Quantity)
4. Surveying Technician (Land)
5. Surveying Technician (Town Planning)
6. Landscape Technician
7. Environmental Technician
8. E&M Engineering Technician (Electrical)
9. E&M Engineering Technician (Mechanical)
10. Fire Services Technician
11. Lift / Escalator Technician
12. Refrigeration / Air-Conditioning / Ventilation Technician
13. Draftsman
14. BIM Coordinator
15. BIM Modeller
16. Project Coordinator/ Assistant Project Coordinator
17. Site Supervisor
18. Site Foreman/ Assistant Site Foreman
