“Taking the lead by the Government to review the outsourcing system”**

Wording of the Motion

That President XI Jinping emphasized in his important address on 1 July last year that the Hong Kong SAR Government should be more courageous and adopt more efficient measures to overcome difficulties and forge ahead, so as to enable all citizens in Hong Kong to share more fully and fairly in the fruits of development; in this connection, this Council urges the Government to set a good example by taking the lead to review and reform the outsourcing system and convert posts with actual needs to permanent posts, so that all employees remunerated by public funds can earn a reasonable income and lead a decent life with their families, thus sharing in the fruits of development.
