**Hon Stanley LI's motion on
“Expediting the implementation of cross-boundary elderly care planning in
the Guangdong-Hong Kong-Macao Greater Bay Area”**

Wording of the Motion

That as many Hong Kong elders have chosen to move to reside in the Mainland in recent years, this Council urges the Government to improve the existing cross-boundary elderly care planning, including actively developing integrated medical and elderly care services between the Mainland and Hong Kong, enhancing the existing cross-boundary elderly care measures and promoting the long-term development of the relevant policies, so as to provide convenience to more Hong Kong elders in spending their twilight years in the Mainland.
