(ii) Total inward DI under "asset/liability principle"				
Direct investment liabilities*	16,826.2	17,306.5	1,066.2	958.4

Notes: # Selected based on the position of Hong Kong's inward DI from individual investor countries/territories in recent years.

[^] Refers to the value of the stock of inward DI.

* According to international standards, "directional principle" should be adopted when analysing the DI statistics by country/territory while the "asset/liability principle" should be adopted in the analyses on aggregate DI statistics. Owing to the adoption of different presentation principles, the total stocks and flows of inward DI (i.e. the direct investment liabilities) are different from the sum of inward DI of all countries/territories. In calculating the shares of individual investor countries/territories, the sum of all countries/territories compiled based on the "directional principle" should be referred to.

(1) Figures may not add up to the total due to rounding.

(2) Country/Territory here refers to the immediate source economy. It does not necessarily reflect the country/territory from which the funds are initially mobilised.

(3) Negative inflow does not necessarily relate to equity withdrawal. It may be the result of repayment of loans owed to non-resident affiliates.

* According to international standards, "directional principle" should be adopted when analysing the DI statistics by economic activity while the "asset/liability principle" should be adopted in the analyses on aggregate DI statistics. Owing to the adoption of different presentation principles, the total stocks and flows of inward DI (i.e. the direct investment liabilities) are different from the sum of inward DI of all economic activities. In calculating the shares of individual economic activities, the sum of all economic activities compiled based on the "directional principle" should be referred to.

- (1) Figures may not add up to the total due to rounding.
- (2) A Hong Kong enterprise group (HKEG) mainly consists of a Hong Kong parent company, its Hong Kong subsidiaries, associates and branches.
- (3) For an enterprise group, economic activity here refers to the major economic activity of the whole enterprise group in Hong Kong. If an HKEG is engaged in a wide variety of activities, its economic activity is determined on the basis of the economic activity in respect of which the operating revenue is predominant.
- (4) Negative inflow does not necessarily relate to equity withdrawal. It may be the result of repayment of loans owed to non-resident affiliates.
