Yuen Long Jockey Club Health Centre	30,906	38,518	28,882	35,810	100%	99%

Note:

1. In view of the COVID-19 epidemic in Hong Kong in early 2020, the HA started to activate designated clinics for confirmed cases of COVID-19 in phases since February 2022 as well as suspended or adjusted services of other clinics to focus manpower on fighting the epidemic. All of the affected clinics have resumed normal out-patient services from 30 January 2023. Therefore, the above situation should also be taken into consideration when comparing the service volume of HA services in previous years.
2. Robert Black GOPC underwent renovation works from 18 January 2018 to 28 December 2018. The original evening out-patient services had been temporarily relocated to Our Lady of Maryknoll Hospital Family Medicine Clinic until completion of the works project.
3. Lek Yuen GOPC underwent renovation works from 14 August 2021 to 6 March 2023. The original evening out-patient services had been temporarily relocated to Yuen Chau Kok GOPC until completion of the works project.
